YOUR WEDDING

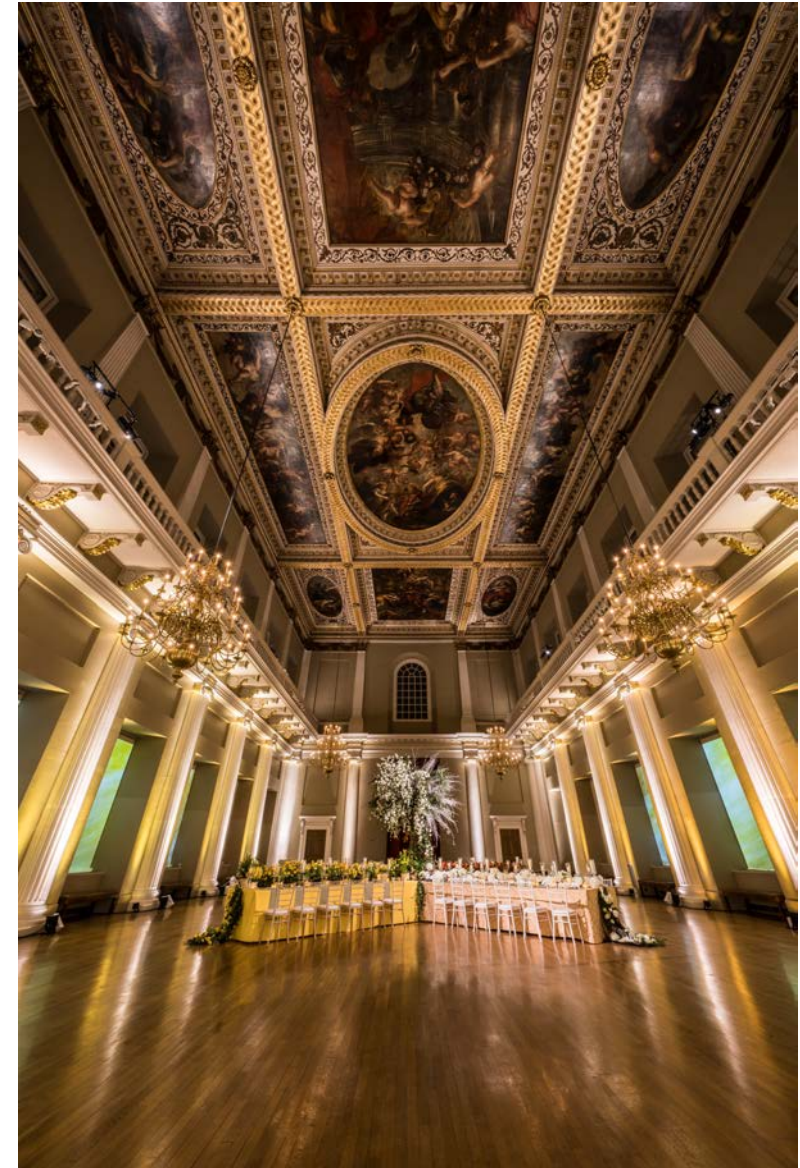

Congratulations!

Planning your wedding is a big job and with 25 years experience in the industry, you've definitely come to the right people.

At Wise we can be involved with as much or as little as you need; working with you and your wedding planner to create your perfect day. Along the way we can suggest a range of services; from ambient lighting, PA systems for speeches to lounge furniture or a disco dance floor. Whatever style wedding you are hoping to create, we've got it covered.

We have helped produce many weddings over the years. From intimate to lavish and everything in between. Your proposal will be bespoke and tailored to you, combined with creative moodboards and plans.

We look forward to working with you both.
