WELCOME TO ENDEAVOUR

EVENT DESIGN & STYLING

See your dream's become a reality

After a successful and decade long career immersed within the heights of both the London & Parisian fashion industries, former photographer Steve Clark sought to embrace new creative challenges & took up the reins of the family floral design business. Steve's flair for design and creative eye quickly elevated him to head of design & with his passion for excellence & his eagerness to explore, it wasn't long before he was invited to embrace the even more esteemed position of head of floral design & creative project's at the world renowned five-star Lanesborough hotel.

As head of floral design, Steve personally designed & crafted on a daily basis the finishing touches that adorned the elaborately decorated room's & suites occupied by not only global royalty but also the London Elite & world class celebrities of both stage & screen. After making the decision to leave Lanesborough, Steve quickly found himself working with some of the industries leading floral design brands furthering both his knowledge & experience within floral design technique & event production.

ENDEAVOUR is the brain child of lead designer Steve Clark & is a floral design, venue styling & event production brand that encompasses decades of experience within luxury design excellence, creative story telling & idea development. We have an unquenchable thirst for natural beauty & utilise fully an approach to relationship building & client satisfaction, that is both truly professional & surprisingly refreshing.
